

# Graduate/Teaching Assistant MavCONNECT Login Steps

## General Overview:

**Graduate Assistants and Teaching Assistants** may have access to both the faculty/staff and student sites. For access to the staff site, always use your StarID@minnstate.edu information to ensure you are in your Staff role within the system. Using an incognito browser can help ensure you will be logging in with the correct account.

**Calendar Sync** – ONLY NECESSARY if you are holding student appointments. (If you need to sync your calendar, only **sync your MavCONNECT calendar to your employee-based MNSU calendar once available** (instructions are in the [Quick Start Guides](#) on Teams or on the MavCONNECT website.) **DO NOT SYNC UNDER YOUR STUDENT ACCOUNT.**

**To access MavCONNECT from a student perspective**, use the MavCONNECT [Student Desktop login](#) or the [Student App](#) (Navigate on the App Store, MavCONNECT by EAB Navigate – we encourage you to download the app). These login points can also be found on the [MavCONNECT website](#). NOTE: there are separate login points for students and staff.

## Logging into MavCONNECT using Staff Credentials as a Graduate/Teaching Assistant

- Open an [incognito browser](#)
- Navigate to [MavCONNECT](#) Home Page
- Click on Faculty / Staff login link

MavCONNECT serves as the University's student success platform and is designed to bring students, faculty coaches, and other staff together in a coordinated and collaborative network to support students with the progress and degree completion experience. Our newest version of MavCONNECT, MavCONNECT by EAB (effective August 1st, 2023)! Check out the resources below for more information on this transition and next steps!

- Use your [starid@minnstate.edu](#) login credentials – no 'go' in the email
- Use your standard starid password
- Should open to a MavCONNECT Staff role page
