

# PSEO Student Advising Form

This form is a tool for high school students and their counselor/dean to complete together to aid with the college registration process. Minnesota State University, Mankato (MNSU) PSEO advisors will not necessarily know your specific high school graduation requirements, so it is essential that you complete this form with a counselor/dean prior to attending orientation/registering for classes. MNSU advisors will advise students on what courses are the best fit for the students transfer plan or intended college major.
